

# Healthcare Benefits for YOU and Your Family

The Affordable Care Act or Obamacare, has a lot of benefits for you and your family. Essential benefits have been built into your health insurance that must be covered by law and will help to keep you healthy:

- Trips to the emergency room
- Care before and after a baby is born
- Mental health and substance use treatment
- Prescription drugs
- Physical and occupational therapy, speech therapy and more
- Lab tests
- Preventative services, including counseling, vaccines and screenings
- Outpatient care - the kind you get without being admitted to the hospital
- Pediatric services, including vision and dental for kids

**You must be enrolled by February 15th, 2015... don't wait!**
